CP255 - W8-S1: Data Visualization Critique Activity

Activity* Instructions:

In groups of 3, critique the two given data visualizations and sketch improved iterations. Use this template, make a copy, and fill it out for both visualizations.

Submit a completed document that includes:

- Team member names
- Written responses for each section
- Images of your improved sketches

To submit:

- If you **are not planning to finish or work further on this activity**, submit your **in-class progress** by the end of class. This counts toward your **class activity** grade.
- If you **will continue**, submit by **Saturday 11:59** for **bonus credit**:
    - **1.0 point** if you complete all sections
    - **0.5 point** if your submission is substantial but not fully complete

After Sunday, no bonus credit is awarded.

***This activity is adapted from Assignment 3: Visualization Critique & Redesign from the MIT Interactive Visualization & Society (Spring 2026) course:** A3: Visualization Critique & Redesign | Vis & Society 2026
